## Officer Declares U. S. Aid Coming to Nat'l China

By ROBERT TUCKMAN  
TAIPEI, Formosa (AP) — The U. S. aid to the Nationalist government in China is coming to the Chinese Nationalist government in Formosa.

Vice Adm. Roland N. Smoot told a news conference it would take the combined efforts of the Nationalist government and the United States which is coming to overcome the immediate situation created by Red bombardments of the islands and efforts to blockade them.

Smoot declined to tell what help he meant, saying it would be foolish to give the Nationalist military information. He also refused to say whether this meant U. S. forces would help defend the off-shore islands, a commitment American officials from President Eisenhower down have refused so far to make publicly.

Smoot is commander of the U. S. Taiwan (Formosa) Defense Command, which is committed to protecting Formosa and the nearby Pescadore Islands Congress authorized Eisenhower to defend any other Nationalist territory he considered essential to the defense of Formosa.

As the Communists continued for the 12th day an artillery attack on the Quemoy islands that might be a prelude to an invasion attempt, Smoot was asked if they could successfully invade or blockade the islands. "They can do neither," he replied.

The Nationalists said they still were getting soldiers and supplies through to Quemoy despite Red attempts to cut it off from Formosa.

Smoot said there are many ways to break a blockade attempt. "As far as the enemy blockade of Quemoy is concerned, I can tell you the Chinese (Nationalist) forces have not yet begun to fight," he said.

Nationalist forces are almost entirely equipped with U. S. weapons, and Smoot might have been referring to more and different arms for them.

More ships are on the way from the Mediterranean and the United States to join the U. S. 7th Fleet patrolling the Formosa Strait to prevent any Communist strike at Formosa. About 1,000 U. S. Marines are coming from Okinawa for maneuvers on Formosa this weekend. Additional jet fighters have been sent from the

## Iceland Anger Reflected in Newspapers

By EDDY GILMORE

REYKJAVIK, Iceland (AP) — Icelandic anger was reflected in the nation's press today against British naval action in Iceland's fishing dispute with Britain.

A breakfast and smoke bomb demonstration outside the British ambassador's residence Tuesday night was followed this morning with charges of armed aggression and demands that Britain call its gunboats and trawlers home.

Thodvilinn, the Communist newspaper, demanded that Iceland break relations with Britain, its North Atlantic (NATO) ally.

"Don't negotiate with pirates," it said. "Sever diplomatic relations at once."

Iceland's minister of fisheries, Ludvig Josephson, is a Communist in this country's coalition government.

Reykjavik's other papers had headlines about Tuesday's clashes between British sailors and Icelandic coastguardmen.

"Sooner or later the British will be forced to follow the example of other nations in this matter," the newspaper Pippin said.

"If they don't this might become a very serious dispute, threatening to assume international significance and of great damage to the cooperation of Western nations—particularly NATO."

"This is armed aggression," said Althildur, the newspaper of Foreign Minister Gudmundur Gudmundsson party.

The coast guard reported there were no overnight incidents in Iceland's coastal waters where British trawlers—backed up by naval frigates—began fishing for the third day inside Iceland's new 12-mile limit.

The British say the 12-mile limit is illegal and its fishermen have an international right to trawl in the zone.

A British Embassy spokesman said he understood today would be the final day in which the trawlers would defy the Icelandic. All trawlers and frigates will have left by this time Thursday, it is expected.

The dispute is over Iceland's self-imposed ban on fishing for 12 miles from its coasts.

## Young Lawyer Wins Nevada Nomination

RENO, Nev. (AP) — Grant Sawyer, a young district attorney from the cow country, won the Democratic nomination for Nevada governor in Tuesday's primary balloting.

Still lacking is a decision on whether Reno surgeon Fred Anderson, 51, or Las Vegas City Atty. Howard Cannon, 46, was the Democrats' choice to oppose incumbent Republican Sen. George Malone, 69, in the November general election.

Malone was unopposed in the Republican primary, as was Gov. Charles Russell, who seeks a third term.

With roughly 90 per cent of the Democratic ballots counted in the state, the total was:

Governor, Sawyer, 18,790; Atty. Gen. Harvey Dickerson of Las Vegas, 11,069; Atty. George Frank of Las Vegas, 8,540; and William Tate, a Reno unknown, 417. Senate, Anderson, 19,499; Cannon, 18,334.

## U. S. Ahead in Over-all Strength

Chicago (AP) — The United States is ahead of the Soviet Union in over-all military strength, Secretary of Defense Neil McElroy said today.

He asserted this country and its allies are strong enough to win either a general or limited war.

McElroy in a speech to the national commander's dinner at the American Legion's annual convention Tuesday night, also spoke out against increased spending now on the long-range ballistic missile program, saying more spending now "would be an unwarranted risk of your money."

He took issue with those he described as oracles who predict the United States will be unable to match Soviet military strength in the years ahead.

He said he and President Eisenhower both have "the utmost confidence that the United States has both the capability and the determination to keep a gap in over-all comparative military strength from opening. I said keep it from opening because it does not now exist."

McElroy said the Soviets are ahead of the United States in the development of an intercontinental ballistic missile, and added: "I stress the word 'development' because both countries are now in a developmental stage—a testing and proving stage."

President Eisenhower, in a message read by McElroy, said the nation's citizens can "bring about a victory in peace over communism by 'selfless devotion to the work and sacrifice which are indispensable to the strength and security of our country.'"

The Legion's Distinguished Service Medal was awarded to financier Bernard M. Baruch, who was not present.

The Legion, at final business sessions Thursday, will elect new officers. Eugene Moore, a Stilwell, lawyer, appeared to have the inside track for election as national commander, succeeding John S. Gleason of Chicago.

## New Method Converts Heat to Electricity

By FRANK CAREY

WASHINGTON (AP) — A new method by which heat can be converted directly into electricity was described today by Westinghouse scientists.

It uses a little-known class of materials resembling the ceramics used in china dinnerware. Reacting to heat, they produce electricity simply, silently and without moving parts.

Among the possible uses seen for the new materials is in vastly improving transmission of radio signals from earth satellites. They may enable satellite radios to transmit louder and more numerous signals and do so for six months or more compared with about a couple of weeks when employing conventional storage batteries.

Envisioned in another year or so are emergency power units for hospitals and for residential oil burners, washing machines and refrigerators during a conventional power failure.

For the more distant future the scientists forecast that units employing the new materials would supplement, but not replace, conventional methods of providing large-scale power.

The Westinghouse researchers stressed that the work still is in its early stages, but the day of useful, reasonably large thermoelectric power through these and other thermoelectric materials almost certainly lies in the not too distant future.

The new substances could utilize heat from such varied sources as coal, atomic reactors, liquid-burned gas and radioactive isotopes, the scientists said.

## Nasser Accuses U. S. of Aggression

CAIRO (AP) — President Nasser of the United Arab Republic today accused the United States of direct aggression against Communist China in the skirmishes off Formosa.

The Arab nationalist leader spoke over Cairo radio at a ceremony inaugurating the Executive Council of the federation of Yemen with the U. A. R.

The speech came shortly after the arrival of U. N. Secretary General Dag Hammarskjold for talks with Nasser as part of his Middle East peace mission.

Nasser also predicted Arab nationalism would be triumphant and bitterly charged that the United States and Britain were arming Israel as a "beachhead for imperialism."

## Radical Group May Migrate to Russia

VANCOUVER, B. C. (AP) — The radical Sons of Freedom Doukhobors who have written a 50-year history of violence and terrorism in British Columbia, Tuesday night all but gave the final approval to a proposed mass move to the Soviet Union.

In a 600-word telegram to Soviet President Klementi E. Voroshilov, Bill Mojelesky said the Sons of Freedom had decided to accept in principle a Canada-British Columbia offer to foot the bill for relocation of the sons in the Soviet Union.

The bill, according to reliable but unofficial estimates, will come to about two million dollars.

Mojelesky, who said he was speaking for the 2,000 persons he said have already signed up for relocation, asked that the Soviet Union assure the Canadian government that they would be accepted in the USSR.

Mojelesky asked that the SFD members be settled in the Omsk and Altai regions of Soviet Siberia "or in any other place historically designated and suitable for Doukhobors."

The Doukhobors fled Russia at the turn of the century under the pressure of czarist persecution.

Settling in interior British Columbia, the majority quickly accepted Canadian law and adjusted their lives accordingly.

Not so the Sons of Freedom. They refused to bend before Canadian law and they refused to send their children to public schools.

One of their most spectacular methods of flaunting their contempt for Canadian law was the nude parade, participated in by men, women and children alike.

They discussed plans for a citywide season ticket sale with a house-to-house canvass set for Thursday night.

Purchase of a season ticket represents a saving to fans the cost is \$5.00 and will admit the holder to six home games.

A 13-year-old Negro boy was picked up for shoplifting by City Police yesterday.

He took a bracelet from a local store valued at \$1.13. He was turned over to his grandparents.

# Van Buren Integration Quiet; U.S. Recruiting More Deputy Marshals

## Situation Lulls After Flareup Opening Day

By JACK MARTIN

Associated Press Writer

While assistance dined at an already integrated school in Van Buren yesterday as Little Rock racial troubles simmered in a lull.

Thirteen Negroes made their way into Van Buren High School past a score of jering white boys and signs say "Nigger, Go Home."

Van Buren, a west Arkansas city of 6,000 integrated about 24 Negroes under federal court order last September. There were no reports of violence during the 1957-58 school year.

But when Negro boys and girls reported for the first day of the fall term yesterday, they were met by shouted insults and obscene gestures.

A Negro girl said she had to push her way through a knot of white youths at the high school entrance.

Police cars patrolled the area during the school day but no violence was reported.

Elsewhere on Arkansas' integration scene, these developments occurred yesterday.

Gov. Orval Faubus said he would close Little Rock Central High School if either federal marshals or federal troops tried to make the emboldened school integrate this fall. Central is scheduled to open Sept. 15, four days after the U. S. Supreme Court Negroes attend again this year.

## Gentry Would Ban Proposed Amendments

LITTLE ROCK (AP) — The proposed States Rights Amendment would make Arkansas a "police state on the level of Communist Russia," approved the measure said in a legal brief yesterday.

T. J. Gentry, former state attorney general, contended in the brief filed with the Arkansas Supreme Court that the proposal would curtail or wipe out 16 articles in the state constitution.

Gentry represents Mrs. Virginia Hoban and Mrs. Mary B. Smith in whose names the suit challenging the validity of the proposal was filed.

The Supreme Court will hold hearings Sept. 22 on this case and four other ballot proposals under attack in other lawsuits.

Gentry's attack on the States Rights proposal is based on his contention that the little is misleading and therefore the proposal must not be allowed to go on the November general election ballot.

The amendment would set up a special commission with sweeping powers to fight communism and also would regulate voting and provide for moves to close schools facing court-ordered integration.

"This is tyranny," Gentry said in the brief. "This would reduce Arkansas to a police state on the level of Communist Russia whose political ideology the measure hypocritically pretends to combat."

The proposal was advanced by Jim Johnson of Crossett, a segregationist leader and now Democratic member to the state Supreme Court.

## Final Count Shows 420 Traffic Deaths

CHICAGO (AP) — The final count of the nation's traffic accidents during the long Labor Day weekend showed 420 deaths, the exact number predicted by the National Safety Council.

In addition, the accident death toll showed 114 drownings and 87 fatalities from miscellaneous causes, including fires and airplane crashes.

The traffic death total compared with 415 for the three-day Labor Day holiday last year and the record high for a Labor Day period of 461 in 1951. The over-all total this year of 621 compared with 636 in 1957.

## Abandons Hope for Plane Carrying 19

GUAM (AP) — Navy ships and planes abandoned hope today of finding survivors from a C-124 cargo plane that crashed in the Pacific off Guam with 19 persons aboard.

The Military Air Transport Service plane crashed Tuesday without any message of trouble, after taking off here for the Philippines.

Preliminary investigation of recovered materials established that the plane from Travis Air Force Base, Calif. did not explode, the Air Force said.

A Navy investigation is now here to probe the cause of the disaster.

An Air Force spokesman said that only two, instead of three, bodies as reported Tuesday were recovered. The plane carried a crew of seven and 12 passengers. All were servicemen.

## Patrolman Is Abducted and Shot in Face

GREYBULL, Wyo. (AP)—A Greybull patrolman was abducted in his police cruiser and shot in the face Tuesday night by a man and woman who fled in a stolen car when Police Chief Ted Olson closed in on them.

Glen Coxen, about 35, the patrolman, was critically wounded and rushed by ambulance to Billings, Mont.

More than 50 policemen and volunteers and a helicopter today were searching a rugged area near the Greybull airport. Dep. Sheriff Roy Price said it was believed the couple may be hiding in the region. The area was surrounded by officers Tuesday night but no search was started until daylight.

Price said searchers reported no immediate success.

Olson gave this account:

Olson, off duty and unarmed, was cruising in his personal car when he first spotted the couple transferring the contents of a stolen car into a second vehicle.

He summoned Coxen. Together, they drove to where the cars were parked. The couple offered no resistance and Olson told Coxen to return the man and woman to the police station.

When they failed to arrive at the police station within a reasonable time, Olson started a search. He found the car and rammed into it. The woman had Coxen's gun. She pointed it at Olson, who began to wrestle with her in an effort to retrieve it. The man rammed a .32 revolver into Olson's ribs.

"I've got a gun and got you covered," Olson quoted him.

Then he fired one shot at Olson and missed.

Olson took cover behind his own car. The man fired two more shots and missed. At this point, Coxen attempted to get the gun away from the woman. A shot was fired, and Coxen was struck in the face.

Olson said there was only one clue to the man's possible identity. This was a driver's license taken from him by Coxen.

Olson said the license had been

## Insurance Commissioner Defends Hike

LITTLE ROCK (AP)—New and higher rates for fire and extended coverage insurance rates in Arkansas were defended yesterday as "in the best interest of the Public."

State Insurance Commissioner Harvey G. Combs said he granted the changes to head off a blanket "and practically prohibitive" rate increase on extended coverage insurance.

The new rates became effective Monday. They boost premiums on brick veneer and frame dwellings and carry a mandatory \$50 deductible clause on windstorm and hail policies.

Combs said under the new formula the annual cost of extended coverage payments by insurance holders in Arkansas would be cut from \$8,000,000 to \$5,500,000. He said that by making the \$50 deductible clause mandatory, insurance companies would avoid numerous small claims and thus be able to reduce overall rates.

"This is exactly the same way automobile owners have their policies written," Combs said. "The owner pays the first \$50 and the insurance company picks up the remainder of the bill."

## Negro Dies in Camden Accident

About 1,500 of the chickens were killed. Others escaped when their wooden crates broke open.

There were no reports of terrorist activity in the city.

"The telephone. Somehow she made the operator understand she was in trouble and needed help. When they finally got me on the line, all she was able to say was her name, and 'hurt, bad hurt.' Her voice sounded as if it came from outer space, and I hurried over. She wasn't able to answer my knock, but the door was open, so I was able to get in."

Morrison wanted to beat up someone and there was no one to beat up.

"Did she say anything? Anything that might show who was responsible?"

"No," he said slowly, "nothing like that. It took her a while to realize that someone was there and when she did, all she said was, 'Please, not today.' Not today." "It didn't make much sense. What difference would it make what day it happened?"

"Her husband was killed today. Auto accident. I guess she must have felt that enough had happened to her for one day."

"That poor unfortunate woman. No wonder she's in such a state." Then his expression changed from one of compassion to one of deep disgust. "Do you think I would did it knew about her husband's defense?"

## Friend Needs One to Be 20 Game Winner

By ED WILKS  
Associated Press Sports Writer

Since 1930, the year Bob Friend was born, the Pittsburgh Pirates have come up with only two 20-victory pitchers. Now Friend is just one game short of becoming the third.

The last was Murry Jackson, now with the New York Yankees. He did it in 1951 — and with a seventh-place club.

Truett Rip Sewell, the guy with the blooper pitch, is the only other Buc to win 20 in one season since 1930. He did it twice, in his war years of 1943 and 1944.

Now with the Pirates scrapping for their first finish in the first division in a decade, Friend is the National League's favorite. He picked up his 19th victory, most as the Bucs defeated Philadelphia 3-2 and regained a second-place tie with San Francisco.

The Giants were spoiled 4-0 by the Los Angeles Dodgers and Don Drysdale, who allowed five hits in his first shutout in a year. That left the Giants and Bucs eight games behind the Milwaukee Braves.

St. Louis defeated Cincinnati 4-2. In the American League, the New York Yankees defeated Boston 6-7, regaining a 12-game lead over the idle Chicago White Sox.

Washington beat Baltimore 4-3 and Detroit whipped Kansas City 6-1. Drysdale 11-1, struck out six and walked three. It was his sixth straight win. He gave up two hits in the fifth when the Giants landed the bases with one out on Orlando Cepeda's double, a single by Hank Sauer and a walk. Drysdale then fanned pinchhitter Leon Wagner and got pinch hitter Whitey Lockman on a fly ball.

The Dodgers nailed it in the first on Gino Cimoli's solo homer, his eighth, off loser Roy Manzanet 6-0.

Bob Mabe gained his first major league victory after five defeats with the Cardinals, striking out eight while allowing seven hits and only one earned run. Wally Moon's double broke a 1-1 tie and the Noren singled him home with the clincher in a two-run second inning against loser Bob Purkey 15-0.

## Vols Battling Hard for the Playoffs

BY THE ASSOCIATED PRESS  
The Nashville Vols are not just wishing for a miracle to gain a place in the Southern Assn. playoffs; they are battling and arguing all they are able.

Now in seventh place, the Vols are 3½ game back of Chattanooga in the fourth slot. With only four more tilts scheduled, Nashville will be hard pressed to overtake the Lookouts.

Both windup the season against top-ranking clubs, as does Little Rock, which also has a chance.

The Travelers are three games behind Chattanooga and have six more to play, four with second-place Mobile.

Nashville finishes the season in Atlanta and Chattanooga has a 2½ game set with pennant-winning Birmingham.

The Vols fought back from a 6½ deficit last night to gain a 12-9 victory over the Barons. Birmingham had marked up four of its runs on a grand slam home run by which Vol Manager Dick Sisler pitched was not legal. He was tossed from the game and he entered a protest that was of course forgotten when the Vols went on to win.

Mobile held on to its one point margin over Atlanta in the standings by blanking Memphis 5-0. The Crackers kept pace with a 6-4 12-

## Sports in Brief

PHILADELPHIA (AP) — Ron-O'Delle, an outfielder who batted in incredible 992 in high school, has been signed by the Philadelphia Phillies to a 1959 baseball contract with Olean, N.Y. O'Delle, 18, lives in Foster, P.I. Besides his hitting, he once struck out 18 of 21 batters as a high school pitcher. Olean is in the Class D New York-Pennsylvania League.

WASHINGTON (AP) — Jerry Adair, infielder player signed by the Baltimore Orioles, didn't have to wait long to play his first game in the major leagues.

The 21-year-old shortstop from Oklahoma State University was signed about noon Tuesday in Baltimore. Tuesday night he entered the game here against the Washington Senators in the eighth inning.

LOS ANGELES (AP) — California's Art Golden Boy Aragon and Carmen Basilio of New York fought Friday night at Wrigley Field in a national television show blacked out for 300 miles in this area.

Basilio, 31, and Aragon, 30, both have been around the fight game a long time — Basilio since 1948 in 72 bouts, Aragon in 102 since 1944.

## Casey Has 9th Loop Pennant Almost in Bag

By ED WILKS

Associated Press Sports Writer

Casey Stengel has his ninth American League pennant all but officially bagged. He has a 12-game lead with less than two dozen games to play. Yet this may be the toughest part of the season for the New York Yankee skipper.

What he needs is time, not to clinch the flag, but to rest his ailing pitchers — southpaw whitey Ford and right-hander Don Larsen for next month's World Series. Both have been found free of serious arm trouble, but a holiday has been prescribed for both.

So what's Casey do. He comes up with a new set of starting pitchers, his fourth this year.

He has brought Bobby Shantz and Zack Monroe out of the bullpen to form a five-man starting staff with Bob Turley, Art Ditmar and Duke Mass. It could be a six-man group with Murry Dickson.

Thus far, the "new" staff of starters has won three of five games. Monroe recalled from the minors, pitched his first complete game in the majors Tuesday night for a 6-1 victory over Boston.

Washington soiled Baltimore 4-3 and Detroit tied the Orioles for fourth by defeating Kansas City 6-1 in the only other games scheduled.

In the National League, idle Milwaukee's lead returned to eight games as Los Angeles defeated San Francisco 4-0 and Pittsburgh tied the Giants to second by defeating Philadelphia 3-2. St. Louis beat Cincinnati 4-2.

Herb Moford (4-7) gave up only two hits as the Tigers swept their three-game series at Kansas City. He had a perfect game until Hank Rykhi doubled in the sixth inning, then lost his shutout on Bob Cerv's 30th home run in the seventh. Bob Grim (4-0) lost it.

Pete Ramos reached his major league high with his 14th victory for the Senators, but needed relief help and a good defensive play by shortstop Ossie Alvarez to null it after blanking the Birds on two hits for six innings. Alvarez's 19th day save, turned in by pitcher 192 Taylor's bases-loaded single into a game-winning double play. Albie Pearson, hit a three-run homer, inside the park home run in the third off loser Red Brown (6-1).

United States to Far Eastern bases.

The Nationalist defense ministry expressed confidence that its own navy could deal with Red torpedo boat attacks on supply ships to Quemoy. Communist shelling of the Quemoy airfield has actually stopped air supply from Formosa.

The artillery bombardment of Quemoy and the tiny Taitan Island was relatively light today. After more than five hours of silence, the Red guns on Amoy and Taitan Islands fired 525 shells between dawn and the early afternoon.

## Recovery of Business Seems Assured

By SAM DAWSON  
AP Business News Analyst

NEW YORK (AP)—As business winds up for its autumnal pitch, the odds today seem to favor a steady and sure recovery.

But there are factors that could throw it off form.

Here is a report on the business outlook as gleaned from summer developments:

Steel output is rising and auto makers are set for a spurt of new model production. There is the threat of an auto workers strike. If it develops, the steel and many other industries will feel it.

The long period of inventory cutting appears nearing an end. Some companies have resumed ordering hand-to-mouth. Others are retooling stocks in belief that business will get better steadily.

Government spending is on the rise, making more work in many industries. But in recent days there's been a turn in Washington to talk of economizing again. One of the things giving the recession an initial nudge was an economy wave in government spending.

The decline in earnings has been halted by many companies and some are definitely on the upgrade again.

Business confidence in better sales and profits this fall and winter pops up whenever executives are questioned on the outlook.

The same confidence — tied in with belief in more inflation — has sparked much of the gains in the stock market.

These two forces work on each other. Brighter business prospects pep up the stock traders. And a rising stock market always kindles more confidence among business men and consumers.

Only the extremely cautious warn of the dangers of over-confidence of what might happen to public psychology if the recovery isn't as spirited as hoped for.

And they note that, for all its new talk of confidence, business itself hasn't changed yet from a program of less spending for plant and equipment to one of further expansion.

Consumer income is rising and seems likely to continue to do so. What consumers will do with this high income after taxes will spell what course business takes this fall.

If they spend a little more for the durables — for instance, the new auto models — the recovery seems in the bag.

If business, in turn, spends more for inventory, for better equipment, the recovery then will be sizable.

Adding it all up, business is looking for a good fall and winter.

## President Hopes to Go Fishing

NEWPORT, R. I. (AP)—Vagrating President Eisenhower hopes to go fishing again today. He also hopes his luck — all bad so far in that department — improves.

The President made tentative plans based on the weather to deep-sea fish in the sound off Block Island about 25 miles south of the summer White House here on the shore of Narragansett Bay. He fished the bay nearly four hours Monday, but caught nothing.

## Worker Shot to Death at Foreman

ASHDOWN, Ark. (AP)—A 41-year-old timber worker was shot to death yesterday at the home of a fellow worker near Foreman.

The victim was Roland Oglesby. He was 41 years old.

Sheriff Audrey Thrash said Kenneth Green, 33, was being held on an open charge in connection with the shooting, which occurred about 2 a.m. Tuesday at Green's home.

Thrash said Oglesby and Green were neighbors. Green is held at the Little River County Jail here.

Oglesby came to the Green home about midnight and "threatened to whip" Green. The shooting came after an argument.

The sheriff said both men had been drinking. Green is held at the Little River County Jail here.

## Horse Trapped on Railway Trestle

HUGEN, Calif. (AP)—A

happened on a railroad track. The owner, a fearful boy, called for help. From the ominous hoot,

of a freight air horn.

This was the dramatic scene Tuesday on the Southern Pacific right-of-way after Deny Hayes tried to ride his 10-year-old horse Buck across the trestle.

Firemen, called by neighbors, rushed to the scene. They phoned

the railroad. By the time the freight arrived a track workman had placed on the track a torpedo that warned the engineer to halt. Workmen loosened the ties, and Deny comforted his horse. "It's all right, boy. We'll get you out."

belly with their arms, lifted him up. Buck — unhurt except for a scratched leg — was led off the trestle on its wooden sidewalk. He and Deny returned to their nearby home. The ties were replaced and the freight tolled on, 45 minutes late.
